Hearing Is Our Concern™

# THE CAREFREE WAY TO CONNECT TO YOUR WORLD

## 3 series™

3 Series hearing aids by Starkey are designed to make listening easy and enjoyable again. With their advanced features, they're engineered to:

- Reduce listening effort in noisy environments\*
- Improve listening to music and TV
- Enhance phone calls
- Virtually eliminate whistling and buzzing
- Fit comfortably, customized for your ears

3 Series hearing aids feature Starkey's latest noise reduction and speech preservation system, which is designed to deliver incredible sound clarity even in the noisiest situations.

3 Series can also stream stereo sound from your TV, radio, computer and even your cell phone directly to your hearing aids. With 3 Series, you can enjoy hands-free phone conversations and listen to TV or radio at the volume you want.

## **STARKEY — AMERICA'S PREMIER HEARING SOLUTION PROVIDER**

**When it comes to comfortable, great sounding and personalized solutions for their hearing needs, people everywhere ask for Starkey — the only American-owned and operated manufacturer of advanced hearing solutions. At Starkey, Hearing is Our Concern.™**

# WHAT'S RIGHT FOR YOU?

3 Series hearing aids are designed to accommodate and enhance a variety of different listening environments.

What you need will depend on how busy and active you are, and what types of environments you frequent.

# LIFE WITHOUT LIMITATIONS

---

Combined with our innovative SurfLink® accessories, 3 Series wireless hearing aids can also make it easier to enjoy TV, music, cell phone conversations and more — no wires attached!

## ↘ SURFLINK MEDIA

This set-and-forget media streaming solution connects to TVs, MP3 players and more to wirelessly stream audio directly to your 3 Series hearing aids. You can hear the volume at the level you want, while everyone else in the room can listen at the volume they want.

## ↘ SURFLINK REMOTE

This handy remote lets you adjust and control your 3 Series hearing aids with the push of a button.

## ↘ SURFLINK MOBILE

Enjoy hands-free phone conversations with this one-of-a-kind device. That's because SurfLink Mobile turns your 3 Series hearing aids into both your cell phone microphone and receiver:

**Microphone** — Your hearing aids can pick up your voice and send it to the person you're talking to

**Receiver** — SurfLink Mobile streams the voice on the other end of the phone directly to both of your hearing aids

But that's just the beginning. SurfLink Mobile is not only a cell phone transmitter, it's also an assistive listening device, media streamer and hearing aid remote all rolled into one.

*SurfLink accessories are compatible with 3 Series wireless only.*

# ENGINEERED TO MAKE HEARING CAREFREE

## YOU WANT

---

A way to hear better in noise

---

Help hearing high-frequency sounds  
(like children's and women's voices)

---

A personal and comfortable listening  
experience

---

No buzzing or whistling

---

Reliable, long-lasting hearing aids

---

Simplicity and great sound quality

---

Direct audio streaming  
of media devices

## 3 SERIES DELIVERS

---

A precision microphone technology and advanced noise reduction and speech recognition system designed to amplify meaningful sounds—such as speech—while reducing unwanted background noise

---

The only technology that replicates high-frequency speech cues into lower frequencies, where they're easier to hear

---

Sound compression technology designed to differentiate soft speech from loud, for a more enhanced and natural sound quality

---

Our industry-leading feedback elimination technology makes buzzing and whistling hearing aids a thing of the past

---

HydraShield<sup>®2</sup> our pioneering water- and wax-repellent moisture protection system, enhances durability and dependability

---

Smart technology that knows when you're on the phone or learns your volume preferences, then automatically adjusts settings for optimal listening

---

Direct-to-hearing-aid streaming of TVs, computers, MP3 players and phones when synced with either SurfLink Mobile or SurfLink Media.

*Features may vary by hearing aid style or technology level.*
